

# Former Mokenan Is Now On Embassy Staff At Seoul

C. Lester Stermer, a former resident of Mokena and Joliet, who has been with the state department for sometime at Washington as a research analyst on Far Eastern affairs, is now serving as second secretary of the U.S. Embassy at Seoul, Korea.

He and his family left for Seoul in December and he has now assumed his duties there. His wife is the former Miss Colette Benzeniste, of Chicago, whom he met while completing his studies at the University of Chicago. They have two children, Marc, 6, and Dean, 3, who are with them in Korea.

His parents, Mrs. Mar-

C. LESTER STERMER

garet Stermer, and the late George Stermer made their home in Mokena for a number of years. The son spent his childhood there and graduated from the Mokena grade school. The family then moved to Joliet where he was graduated from high school in 1944.

Following his graduation he enlisted in the Volunteer Army Selective Training Corps and was sent to Rippon college in Wisconsin where he studied for two years before being called in to active service. His tour of duty led him to Hiroshima, Japan, following the bombing of that city. He spent four years in Japan in the rehabilitation program for the Japanese people that was directed by Gen. Douglas MacArthur.

Because he was in sympathy with the plight of many of the people he encountered, Stermer became interested in government work and following his discharge enrolled at the University of Chicago where he received his master's degree.

Because of his interest in the Far East and in the hope of returning there he made a study of the Chinese language. Before graduating he received an offer from the government and after his masters he went to Washington where he became an analyst of Far Eastern affairs.

Mr. Stermer's mother and an uncle, George Vance, reside in Joliet, and a sister, Mrs. Jack Glenn, lives on Hillgate road, Mokena.

Seoul, he writes, is not only surrounded by mountainous country but has a mountain in its center. The Sterners will be there two years before getting a state-side leave.

## Air Mail Comes Thru For Santa And Carrie

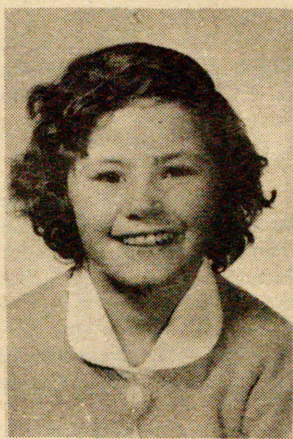

A pair of skates--the things she wanted most for Christmas--were delivered Dec. 24 to Carrie Watson who lives some 1,200 miles from here in the bush country of New Brunswick, Canada.

But for the air mail service of the U. S. post office it is doubtful that Santa Claus could have arranged the delivery in time. Carrie's letter asking for the skates as a Christmas gift was found wrapped about a branch on a Christmas tree purchased by John Roesener, of Mokena. The letter was written Nov. 25, but did not come to light until the Roeseners started to put up the tree. That was Dec. 20 and the next forenoon Mr. Roesner brought the missive to the Graphic Newspapers office at Mokena.

The good St. Nicholas, laboring under a deluge of requests, delegated Carrie's problem to some helpers in Mokena and before 4:30 o'clock the afternoon of Dec. 21 the skates were in the mail with a letter on the box to assure clearance without delay at customs.

The post office said the skates would be in Carrie's hands by Dec. 24 and they were.

"I can't thank you enough," she wrote in a letter received by the Roeseners on Monday of this

CARRIE WATSON

week. She also sent them a picture of herself which is reproduced here.

The Roeseners also received a letter from Carrie's father, John Watson, a woodsman. There are 10 members in the family--eight children--and all were happy because Carrie's Christmas wish was gratified.

The Watsons live on Hazelton rd., on a rural route out of Deaktown, N. B., about five miles from the Miramichi river, and as Mr. Watson puts it, "a mile from anybody....a wild country...where the moose and deer parade thru at night."

The Roeseners are writing to the Watsons. They want to learn more about members of the family.

## Sonic Booms Now Added To Other Area Noises

The sonic boom program had its beginning in the area Monday with two blasts. It is to continue for the next three months with an untold number of explosive sounds.

The program is being carried on here thru the use of air force bombers making a run over a designated course that includes a lot of Lake Michigan. There have been a number of similar experiments.

Sonic booms are produced by the displacement of air by an aircraft traveling faster than the speed of sound. If the plane makers and users can demonstrate such speeds can be flown without detriment to life, reason and property, the world is likely to become a place that is subjected to a permanent roaring sound like an unceasing thunderstorm, it was pointed out.

The higher the plane the less the sound, it was explained, and airforce brass say the planes are not to drop below 35,000 feet when they break the sound barrier.

The first boom Monday occurred about 1:45 o'clock in the afternoon. It was a fairly loud boom and gave windows a thoro shake. The second boom came about 3:40 o'clock but was not as heavy. The first sounded like a dynamite charge exploded above ground; the second boom sounded more like a 10-gauge shotgun, in some localities. In others the sound effect was just the reverse.

The airforce people say the government will settle any damage claims traceable to the booms.

The booms are to be a daily thing but are taboo between 10 p.m. and 7 a.m.

## Quick Work Averts Fire Loss At Frankfort Village Hall

Fire, believed to have started from a short in a radio loudspeaker, broke out at the Frankfort village hall about mid morning of New Year's day but was extinguished quickly by firemen so there was but nominal damage.

Village Clerk Walter Pfaff credited Fred Breymeyer and rapid action by firemen for preventing a serious fire. As it was the damage was confined to some wall paneling, a desk, the loud speaker and a few old, worthless letters, Pfaff said. The

## Grade Crossing Crash Snuffs Out Two Lives

Leon A. Holman, 46 years old, 49 White st., Frankfort, a welder, and a fellow worker were killed Monday night (Jan. 4) when the automobile in which they were riding was struck by a passenger train in South Holland.

His companion was Ernest Fenstermacher, 37, of 18 Black Hawk, Thornton. Both men were employed by the Marshall & Anderson Welding Co. at 103rd and State, Washington Heights. They were enroute home from work when the accident occurred. The time was about 9:15.

According to South Holland police the two men were traveling south on Park ave., with Holman driving. At the Grand Truck railroad crossing, at 168th and Park, an east bound passenger train, made up of two locomotives and eight cars, struck the automobile. There are gates at the crossing. Both men were reported to have been killed instantly.

Altho the accident occurred at 9:15 it was not until an hour later that Mrs. Holman learned of her husband's death and then it was thru an announcement on a TV news program. Mrs. Holman operates the restaurant at the Frankfort bowling alley. She was at work when she heard the news and called Frankfort police to see if they had any information. Chief Francis Simon called South Holland police who confirmed the report.

A little later Simon accompanied Mrs. Holman to South Holland to make the necessary arrangements.

Besides his wife there are six children at home and another son, Robert, who is married and resides at Mokena. Those at home are, Ellen, 16, Marilee, 14, Beva, 10, Cathy, 7, Richard, 4, and Jimmy, 2.

Also surviving are his mother, Mrs. Lettie Mc-

Namara, and a half - brother, Thomas McNamara, of Chicago, and his wife's mother, Mrs. Beva Francel, of Frankfort.

Removal was to the Hirsch funeral chapel at Tinley Park where services will be held this afternoon (Thursday) at 1 o'clock with the Rev. Lavern Smith, pastor of St. Peter's church, Frankfort officiating. Burial will be in

Cedar Park cemetery, Chicago.

The Holmans have been residing at Frankfort for the past two years. For the six years prior to that they lived at Mokena where Mr. Holman was a member of the Veterans of Foreign Wars and the Amvets posts. They moved to the area originally from Chicago.

## Man Posing As Police Officer Attacks Woman

A 28-year-old wife and mother of two children was dragged from her car by two men and while one held her she was criminally attacked by the other. The incident, which is under investigation by Cook county sheriff's police, took place on 108th ave. near 141st in rural Orland township. One of the attackers posed as a police officer.

The victim attempted to fight off her assailants, striking one of them repeatedly with a small letter opener but did not know if she had wounded him. Her hands were cut by the implement, however, when they wrestled it from her.

She was battered about the head and body and is badly bruised.

The attack occurred about 1:30 Monday morning. The victim and another woman had been visiting friends near Chicago and were returning to their homes, each in her own car. They were traveling west on 159th st. but at Harlem ave. they became separated by a traffic light. The attack victim had to wait at the intersection. Shortly after starting up she became aware of a white car approaching. It had a red

flasher light on the dashboard. She was signalled to stop and did so.

A man approached her car, stating he was from the Cook county police, accused her of speeding and demanded to see her driver's license. He followed the routine so well that some believe that he either had been a policeman or was well acquainted with how they worked.

He charged that the driver's license had expired and he would have to take her to the station. Opening the door he pushed her over and took the wheel. The white car, which contained another man, followed.

When the victim objected when he turned north on 108th ave. that he was not heading for a police station he told her he was "taking a short cut."

A few minutes later the attack occurred. After her assailants left the victim made her way to the farm home of Town Clerk Ralph Agate and police were called.

Both men had brown hair, it was said and one was about 5-feet, 11 inches tall. The other was about two inches shorter.

The Summit Hill Boy Scout troop, No. 10, will have its monthly newspaper drive Saturday, Jan. 9, because of the holiday. ## Frankfort Board Plans New Zoning Ordinance

At its next meeting the Frankfort village board is scheduled to confer with the zoning board of appeals and the village plan commission relative to the drafting of an amended zoning ordinance. The village is to call in the planning firm that has drawn its use maps for assistance in this work.

Before consulting the experts, however, the trustees want to have an outline of the community's needs and problems.

At its meeting Monday night the board hired William Elwell to read water meters.

Most of the session was taken up with a discussion of the funds accruing from water and sewer rents and how to keep them earning interest. Under the ordinance covering the sewer and water improvements certain amounts must be set aside for specific purposes, including the building up of a reserve.

The village was able to pay off approximately \$20,000 of the revenue bonds last November and will be able to pay off some more next May, it was said, but such payments are governed by the conditions set up in the ordinance to protect the bondholders.

Also under discussion was the police department and the board is to sit down with the officers to discuss work schedules.

The board received a letter from Capt. Robert Georgantas, Dist. 5, state police, in which he expressed the appreciation of that department for the assistance given troopers by Frankfort police in the handling of a fatal accident on U.S. 30 east of U.S. 45 Dec. 23.

## Fatalities At New High

Will county had one of the highest traffic fatality counts in its history in 1964, according to the records of Coroner Willard G. Blood.

There were 64 persons killed or died of injuries as a result of automobile accidents in the county last year.

A breakdown shows that 22 of the deaths occurred in crashes in which only a single auto was involved, and 36 in which there were two or more automobiles. Three of the victims were pedestrians. Two persons were killed when automobiles and trains were involved in crossing crashes, and one victim was cyclist.

Speed was a major factor in most of the accidents, the coroner said.

Other cases concerning violent deaths included three accidental asphyxiations by carbon monoxide; nine accidental drownings; one person killed by lightning; three in falls from heights and 13 died as a result of falls in homes.

There were 20 suicides in the county last year and 15 persons were murdered. The 15 homicides is believed to have established a record for Will county. For the past 30 years, Coroner Blood said, the average number of homicides had been three.

There were 425 cases reported to the coroner's office last year. Blood conducted 125 inquests and 144 inquiries were made where inquests were not necessary.

## Arrest Pair At Frankfort Trespassing

Two young men with an apparent yen for bus trappings were arrested by Frankfort Police Chief Francis Simon last Thursday morning.

A citizen noticed that a youth was removing a copper name plate from a bus on the Warning bus park at Ash and Nebraska st. shortly before 10 a.m. and that a companion was seated in a car nearby, with the engine running. The citizen notified Simon.

The chief stopped at the car first, took the keys and the driver into custody. The other suspect ran but was soon picked up. He identified himself as Daniel Joseph, 20, of 7020 Sheridan rd., Chicago, and the lad in the car said he was Rex J. Nelson, 18, of 1912 W. Foster court, Chicago.

They were charged with trespassing and having stolen property in their possession. Simon said there were three air whistles in the car which the youths are alleged to have admitted taking at the CTA yard at Skokie, and one of those rolled bus signs that operate with a crank, which had been taken at Lyons. They were released by Magistrate Robert Burns on bonds of \$100 each to appear in the Mokena branch of the circuit court Jan. 15.

# Eagles Place Third In Rockford Cage Tourney

BY ED PETERSON

Bill Adams' determined Eagles brought home the third place trophy from the highly touted Rockford Boylan Christmas tournament last week. First place honors went to Rockford Auburn and second place to Dundee. A total of sixteen teams participated in this tourney, many of them from noted basketball schools.

In their tourney opener the Eagles defeated East Peoria by a mere two points. Two clutch free throws by forward Bob Miller with 20 seconds remaining on the clock iced the score for the Sandburg five. The final score was 68-66. Junior forward, Drew Corley scored 20 points as the Eagles posted this first victory.

In the second tourney outing the Sandburgites were matched against Rockford Guilford. Guilford, in their first appearance, had defeated Chicago Carver, 1962 State Champions, by 20 points. Going into the game as underdogs, the Eagles played a determined ball game and completely dominated the contest.

At the end the scoreboard read 76-63 with Sandburg on the top end of the score. Bruce Hyink, 6'9" center, pumped in 22 points as did junior guard, Van Broman in this contest. Hyink was the tallest player to participate in the tourney.

The victory over Guilford placed the Eagles in the tournament semi-finals with three other teams. They were dealt their first defeat by Dundee, 68-64. A
